In TWO Sections

Section TWO

## INDEX TO VOLUME 29

January Through June 1955

As you know, items in *QUOTE*, arranged alphabetically according to subject matter, are regularly assigned an index number. In our semi-annual index, the first numeral in each reference indicates the issue of *QUOTE*, the second numeral refers to the location of the item within that particular issue, according to its index number. Thus, in the first column of this index, "Accidents—1-1;" tells you that an item on Accidents will be found in the first issue of *QUOTE* under index number 1.

One or more letters, following an issue number, refers to material in regular departments. For example: "Age—20-MM;" indicates that an item on Age appears in the feature *Mining the Magazines* in issue number 20. The reference to "Agriculture—6-Wa;" means that an item on that subject appears in the *Washington* column in issue 6. The reference to "Actors, Acting—15-d;" means that an item on that subject will be found in the regular *Good Stories* section of issue 15 under index letter d.

Quotations in the section *May We QUOTE You On That?* are also numbered consecutively. In the index, a reference such as "Armed Forces—21-6Q;" refers to a quotation on that subject in the 21st issue, numbered six in the *May We QUOTE . . .* section. When the Q is followed by the letter W, as under "Atomic Age—4-Q-W;" a reference is made to the special "Quote of the Week" appearing in the *May We QUOTE . . .* section. When the letter t follows the Q, as in the reference "Wisdom—2-1Q-t;" it indicates the special *Quote-ette* feature in issue 2. A complete list of department abbreviations appears below:
